Guide to using *Rise Up Singing*
with the diatonic kalimbas

For more information on the kalimba see:

www.KalimbaMagic.com

We recommend these kalimbas for therapeutic work:

Catania 8-Note or Hugh Tracey 8-Note are easy to learn, have good educational resources, robust, economical.

8-Note Student Karimba has an ancient tradition.

17-Note Hugh Tracey Karimba is the real deal in terms of African music.

Hugh Tracey Pentatonic Kalimba is easy to use without knowing anything! Some educational resources.

Hugh Tracey Alto, Treble, Bb Treble Kalimbas are capable of truly wonderful music and have many books.

Hokema Sansula makes lovely music on its own. The Pocket Sansula, the Renaissance Sansula, and the Deluxe Sansula are robust, and a book is now available.

Hokema 5-Note Chordal Kalimba Choirs are kalimbas tuned to different complementary chords. When played sequentially, people with no musical understanding can create harmonically complex music easily and simply.

Goshen Mate Kalimba has two kalimbas in the same key mounted to a single bottle gourd.
