

Kalimba Latino for Alto Kalimba

This is a small download that has some music for the Alto Kalimba that isn't available anywhere else. The songs are:

- Cielito Lindo Basic (melody only)
- Cielito Lindo Advanced (expanding on the melody with nice harmonies)
- Cumbia (a basic cumbia rhythm and accompaniment part)
- Latino_3 (a typical salsa theme - short)
- Montuno (another salsa-type bit of music - fast)
- Montuno_2 (another salsa-type song - not as difficult as the previous piece, but this one is long and develops music nicely, adding harmonies and adding little examples of how you might play the montuno bass line for three measures and improvise something different on the fourth measure.)

* Saint Behind the Glass * For TREBLE KALIMBA and Cloud 9 Marimbula (a 1-octave Bass Kalimba)
Written by Los Lobos, this music was the only redeeming feature of the Jack Black movie Nacho Libre. Basically just the harp introduction to the song.

WHAT FILES ARE IN THIS DOWNLOAD?

For each song, we include

- * a PDF file, a graphical image of the tablature. View on your screen or print out.
- * an MP3 file (no, I didn't play all of these songs, this is a recording of KTabS - the program that I use to lay out the tablature - playing through my computer speakers - so low tech!) so you can hear what the song is supposed to sound like.
- * a KTabS file, which can be played by the KTabS Reader or the full KTabS program.

Sorry there isn't more here - on the other hand, people have been asking for this music, and it has been sitting around on my hard drive for years - so for what its worth, here it is! Enjoy!
